Re: Successes at Odenton Town Center

Dear Bob:

EnviroProjects, LLC has partnered with Landesign, Inc regularly for several years, with great success. Our recent completion of the multi-family residential development in Odenton Town Center highlights our synergism.

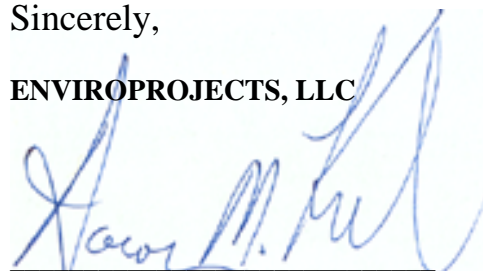

EnviroProjects strategic approach to the comprehensive environmental compliance process and Landesign's engineers and surveyors local experience provided inestimable benefits to this and many other projects. Bob Eitel and Jeff Felker, Landesign's Senior partners, bring decades of local Maryland knowledge, relationships, and regional experience to every project. Landesign Inc.'s flexibility, innovative thinking, and experience-based solutions has made Landesign an indispensable part of EnviroProjects teaming.

Please continue to reach out to me at EnviroProjects, LLC at 410-599-5335 or [akeel@EnviroProj.com](mailto:akeel@EnviroProj.com).

Thank you for a job well-done and EnviroProjects looks forward to many more cooperative partnering successes!

Sincerely,

**ENVIROPROJECTS, LLC**
